Headquarters in Dalton, Georgia

SAFE, SUSTAINABLE AND TRANSPARENT

We are dedicated to providing beautiful products that are constructed to endure. Our EcoWorx products are Cradle to Cradle Certified^{CM} Silver, meaning we create flooring that is based on continual improvement. Most of our Products fully contribute to LEED V4 Material Ingredients Credit and provide a pathway for Living Building Challenge projects. To support our transparency efforts, we maintain HPDs for all commercial carpet products and LBC Compliant Declare labels for EcoWorx tile products.

Identifies and measures product impact to human health and the planet through a multi-attribute certification

Disclosure of chemicals and their hazards scanned against impact on human health - finally see what is inside of building materials before you build

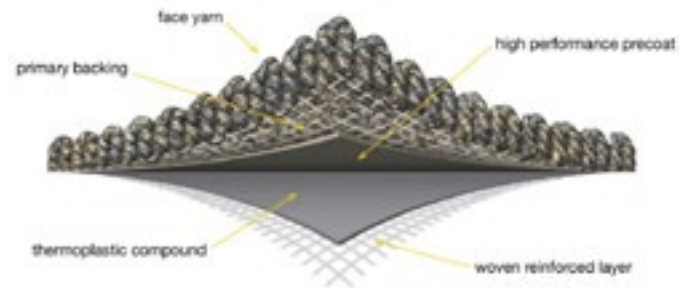

An “ingredient” label for building materials - allows for identification of red list ingredients representing the “worst in class” materials, chemicals and elements known to pose serious risks to human health and the greater ecosystem

MOISTURE BARRIER

EcoWorx Performance Broadloom (EPBL)

EcoWorx Performance Broadloom® backing is ideal for areas that experience frequent spills and are prone to bacterial exposure. Constructed with a 100% thermoplastic polyolefin compound with a high performance pre-coat and reinforcing layer, EcoWorx Performance Broadloom provides maximum performance with a moisture barrier.

- ▶ Superior performance to a 6-foot backing with fewer seams
- ▶ Excellent pattern match
- ▶ Carries a lifetime warranty covering abrasive wear, static, tuft bind, edge ravel and delamination

Cradle to Cradle[®] Certified Silver as safe for humans and the environment

NSF 140 Gold certified and manufactured with 30% recycled content

Certified by The Carpet and Rug Institute for indoor air quality

CUSHION BACKING

EcoLogix

Constructed for comfort underfoot, EcoLogix® backing provides cushion support and unmatched durability. It contains a high performance pre-coat with a fiberglass reinforced thermoplastic layer, laminated with a post-consumer fiber matrix secondary backing system.

- ▶ An attached fiber matrix pad constructed of 100% recycled content
- ▶ Cushion manufactured from recycled water bottles
- ▶ Lifetime Commercial Limited Warranty

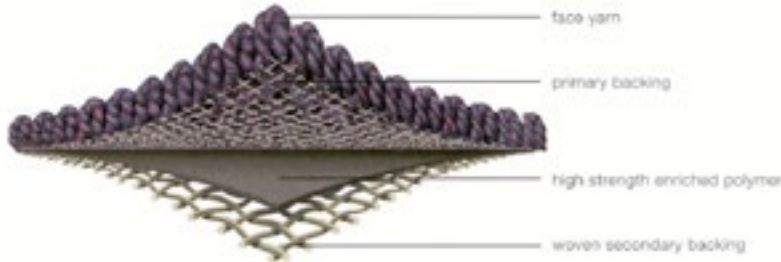

Certified by The Carpet and Rug Institute for indoor air quality

UltraLoc MPC

High performance polyurethane precoat with an 18lb. density polyurethane foam cushion and a nonwoven secondary backing. Ideal for large-scale designs, Ultraloc® broadloom backing provides superior pattern matching and durability with a high-strength enriched polymer laminated to a woven secondary backing.

- ▶ Lifetime warranty covering abrasive wear, static, tuft bind, edge ravel, delamination and pattern matching of seams

Cradle to Cradle[®] Certified Silver as safe for humans and the environment

NSF 140 Gold certified and manufactured with 30% recycled content

Certified by The Carpet and Rug Institute for indoor air quality
